

THE SOUTH AFRICAN SOCIETY OF OTORHINOLARYNGOLOGY
HEAD AND NECK SURGERY

RESEARCH GRANTS

Our Society is very fortunate in receiving sponsorship for research from Schering Plough and from Aspen Pharmicare. The onus lies with me to ensure that the correct protocols are followed before such funds can be disbursed. Furthermore I require all the initial information as well as follow up reports to keep our donors fully informed and motivated to continue such funding.

The following are the minimum requirements:

- 1) Application on the customised Grant request Application form
- 2) Title and Protocol of the research project
- 3) Detailed Budget - full consideration and required tranche releases
- 4) Full CV including publications
- 5) Ethics committee consent and Nr.
- 6) Permission from CEO of Hospital
- 7) Permission from Head of Dept.

I trust that you will comply with the above when submitting requests for research grants. Not only will it facilitate matters but also lighten my task of administering the funds and keeping our donors contented.

Yours sincerely

L J Ramages
